LARGE SALE OF REAL ESTATES.—Our friend S.G. Henry sold yesterday some valuable real estate on Jefferson and Green streets. The "Grogan House," fronting 52 by 100 feet, corner of Jefferson and Center streets, was sold for \$10,000 to Dr. W. E. Keating. Jos. Grogan started it at \$2,000 and ran it up to \$10,000.

The house and lot adjoining, 56 feet, was sold at \$6,000 to Mrs. Geo. W. Merritt; and the house and lot east of this was bought for \$4,000 by Mr. Merritt.

Lot on the corner of Green and Center streets, 26 feet front by 130 deep, was bought by F. Joyes at \$75 per foot.

Lot adjoining, same size, was bought by F. Joyes at \$75 per foot.

TWO lots adjoining same were bought by Mr. J. G. Mather at \$2,000 per foot.

EDGERTON.—A Rival Left Behind.—A young gentleman of this city, Mr. Ives Stein, eloped with a young lady from Steely's coast on Wednesday, and they were doubtless married at Cincinnati yesterday. The parents of the young lady, who was very pretty, (only once never slept,) had selected another gentleman as their choice for her husband. He had bought his wedding finery, and the puppets were to be solemnized next week. But the young lady had a choice and will of her own. There was but one way, and the most direct was to fly away to Cincinnati or Germany with him she loved. And they will, during the failed trial house a bribe, but will get a set of state clothes on laid. We have only to add that the successful saunter is a clever fellow, and deserving the handsome wife he has won.

SPANISH AMERICAN AFFAIRS.—Advices from Buenos Ayres are received to the 26th of August.

The Argentine squadron had appeared off the coast, and had exchanged a few shots with the Spanish, but the conflict had been arrested and kept in abeyance from some unexplained cause.

The misunderstanding between Paraguay and Great Britain has reached a crisis, and the British minister, under instructions from home, has demanded his passport.

The proprietors of the United States Hotel see an extra fare support, last night, for the regular guests of the house and a select few of invited ones. The hotel was adorned with vast pyramids of cake, and the supper consisted of the substance of the season and delicacies. It was very creditable in Niemus, Hall & Garnett, the clever proprietors.

The Court of Appeals has affirmed the judgment of the Circuit Court in Hayes in the case of Commonwealth vs. Clark.

Clark, it will be remembered, was found guilty of rape as charged in the indictment, and sent to fifteen years' imprisonment in the State penitentiary, from which judgment he appealed.

The charging *commodore*, Mrs. Charles Howard, always a favorite here, follows the Gougebeam's. She appears on Monday night in the Daughter of the Regiment, with songs, &c.

LECTURES TOUCHING THE JEWS.—A series of lectures is proposed to be delivered by the Rev. Mr. Miller, on the evening of next Sunday, the 21st inst., precisely at half-past seven, in the Walnut Street Presbyterian Church, corner of Walnut and Eleventh streets. The subject of the Sunday evening lecture will be, "The History in the Discussion of Christianity by Jews." The subject of the Monday evening lecture, "Jesus of Nazareth as a Prophet."

Let no one, who would be pleased to investigate how solid is the foundation of Christianity in history and reason, fail to hear these lectures. All Israelites are most respectfully invited to attend, as the ardent and best effort of the lecturer will be to do full justice to their position and mission in the religious world. —occl 22

OUR numerous readers will remember that, Mr. C. Spencer had established regular day for seeing, in each week, various kinds of merchandise, and that he never deviated from his established rule. Friday is his regular sales day for household furniture and housekeeping articles, and he's being his sales day for such goods, his large store room is completely overflowed with some of the finest furniture ever before offered in this city. A splendid 7 octavo rosewood piano is to be sold to day. The microscope, stereoscope, and telescope are decidedly superior instruments. Search advertisement and let all who wish to buy good and reliable articles attend his sale this morning.

BOLD ROBERT.—About 8 o'clock last evening a man, whose name is unknown to us, was standing near the White Mansion, and three men came up. One of them made some inquiry, and another snatched a small book from his side pocket, in which were inclosed \$5 in bills, and the trio ran up street. The victim pursued them, crying "stop thief!" and a crowd gathered, and the fellow was swift of foot, and escaped.

EXPOSITION.—The felon who escaped from the sheriff of Baldwin county, Ky., on the New Albany and Salem Railroad the other day, as mentioned yesterday, jumped through a window to the ground while the cars were going at great speed.

QUEEN WORK.—On Friday, Jacob Meyer and Lewis Richter were arrested for stealing a trunk of clothing from the mail boat. Yesterday they were convicted and ordered to be confined in the State prison, one for five years and the other for three.

STEALING.—A thief got into the house of Mr. Stein, on Market street, between Eighteenth and Nineteenth, Wednesday night, and stole \$15 in money from Mr. Stein's savings pocket. He had moved into the house but had few days previous.

A large number of gray drivers were fined yesterday for fast driving. It is the intention of the Chief of police to enforce the ordinance rigidly, so we warn law-breakers of the consequences.

CAPT. ANDY WINFIELD, of Paducah, Ky., was shot in Illinois, below the city, last week by his brother, who mistook him for a robber. The unfortunate young man lived a few hours after he was shot.

EXPOSITION.—The St. Paul Minnesotan says that a physician that places asserts that 3,000 babies were born there last winter, and that the crop of the coming winter will be still heavier. The Minnesotan says we think his figures rather steep, but this is certainly a fast country, and a prolific climate. In a few years we shall be indifferent whether we have immigration or not.

EXPOSURE.—Capt. Mills, who left Salt Lake City, September 11th, arrived in Louisville last week. He states the condition of affairs in Mormondom to be exceedingly unsettled. The bitterest feeling exists between the Mormons and Gentiles, though the presence of the army restrains the violence of the former. It is not possible long to sustain the peaceable relations between these elements.

TRADE AND FINANCE.

TRADE AND FINANCE.

OFFICE OF LOUISVILLE COURIER,
THURSDAY EVENING, Oct. 20, 1859.

There is a continued demand for Money, but the applications are neither so numerous nor pressing as they have been. In view of the closeness of the market, many individuals, in addition to this, there are indications of an impairment in the supply of currency; and, altogether, financial affairs are looking dark. Our Banks are asking 5 per cent for Eastern Exchange.

There was not much doing in the flour market to-day, but prices have risen slightly. There is but little Wheat offered at the upward going light, at \$60^c per bushel, which is readily obtained for prime red and white. Wheat is still good and scarce, and we quie to now at \$62^c. Oats are firm, and we hear of sales to-day at McAlister, at the Jeffersonville railroad depot, which is an advance on last quotations of 5% per bushel.

Whisky has declined 10c per gallon, with a quiet market.

There was nothing doing in Mess Pork to-day, and we continue to quote it at \$14 per bushel. Bacon is in demand at \$3c for shoulders and 11c for Clear Sides.

The former, after his arrival, had a conference with the Pres'nt, and the latter a long interview with the Secretary of War. U. S. Marshal Johnson, of Ohio, who is now here, and a student of the law, has been in close contact with the Pres'nt, and the purpose to fatten him.

At present he is engaged in the study of the law.

The river was steady falling yesterday, with 5 feet 4 inches water in the canal last evening by the mark. During the past week, the water has fallen 10 inches, and is now at the mark of the falls.

The weather is clear and quite cool, with considerable wind prevailing all day, which made it difficult to get out doors, and at night it was very cold, with indications of a heavy frost.

At present the river is falling, the water was

clear, and the weather cold, indicating snow.
